EUREKA SALVE!

PURELY VEGETABLE.

This remarkable cleansing and healing agent having been used by the discoverer and his family, employes, friends, and neighbors for many years, in numberless cases, with the most satisfactory results, we feel the utmost confidence in offering it to the public, (which we do by the earnest solicitations of those who have used it), for the immediate **Relief and Permanent Cure** of BURNS, SCALDS, BRUISES, CUTS, **CATARRH,** FELONS, CORNS, FROZEN HANDS AND FEET, CHILBLAINS, OLD SORES, SORE THROATS, DIPTHERIA, PILES, BAD COLDS IN THE HEAD, RHEUMATIC AND NEURALGIC PAINS; also, PAINS IN THE BACK, SIDE, AND BREAST, NUMBNESS OF LIMBS, COLD FEET, CHAPPED HANDS, SORE EYES, VARICOSE VEINS, SORE LIPS, HAY FEVER, BOWEL COMPLAINT, DYSPEPSIA, AND ULCERS. It produces circulation, and prevents and removes inflammation, and stagnation of fluids, and maturation in sores, which is the cause of pain and soreness; and also prevents mortification from setting in, if applied in season, used freely, and renewed often.

PREFACE.

The Malden, Medford, Melrose and Everett Directory, has been published by us since 1870, and the increased expense from time to time in canvassing and compiling, has been largely augmented, while the receipts from patronage have decreased, until this edition is published at an actual loss to us. This is no doubt to be attributed to the general depression in all kinds of business, and the pressure of the hard times which is felt by the business community in all parts of our country. With the return of more prosperous times, which it would seem, cannot be far off, we anticipate a more generous encouragement of our enterprise. Notwithstanding the decreased patronage in our advertising department, we have spared no expense to have the directory as nearly perfect as it is possible to make a work of this kind.

The four towns have been thoroughly canvassed by experienced agents, and the style of publishing is fully up to our former editions.

Americans visiting London, England, will find our directories on file at Messrs. Henry F. Gillig & Co.'s, American Exchange and Reading Rooms, 449 Strand, Charing Cross.

To the business men, who have encouraged us with substantial aid, by inserting their cards in our pages, we tender our sincere thanks, as well as to all others who have in any way assisted us in our labors.

Very respectfully,

GREENOUGH & CO.,

Editors and Publishers.

October, 1878.

THE ÆTNA INSURANCE COMP'Y,

Of Hartford, Conn.,

After a successful and honorable career of fifty-five years is still the leading American Insurance Company. The Company has paid in losses since the Chicago fire, eleven millions of dollars. It has twice since that time renewed its capital stock, and is to-day paying dividends to holders of its stock.

What other Company has so magnificent a record? To all insurers in Stock Companies we say, "TAKE A POLICY IN THE ÆTNA." No other Corporation has any advantages over this Company, and none is more liberal in its rates, or more sure to settle a loss without controversy.

The subscriber attends to all business for the Ætna in Malden and vicinity.

CHARLES MERRILL,

At the First National Bank of Malden.

FAIR AND MODERATE INSURANCE.

THE MIDDLESEX MUTUAL INSURANCE COMPANY,

OF CONCORD, MASS.,

Insures Dwellings and Outbuildings in Middlesex Co. Only,

Cost of Insuring a Dwelling in this Co. for five years for $1,000, 1 1-4 per cent	**$12.50**
At the end of five years a dividend will be returned to the person insured of 60 per cent	**7.50**
Cost for five years is	**$5.00**

In ordinary insurance cases the cost of insuring $1,000 on a good dwelling house is twenty dollars for six years and eight months. In the Middlesex Company **twenty dollars** will insure the same house **"twenty years,"** to say nothing of interest on the premiums. Do not throw away your money on insurance in remote or bogus Companies, when the best Company in the State will insure at the above rates.

CHARLES MERRILL, Agent, at Malden Bank.

The Malden Savings Bank,

LOCATED AT THE

FIRST NATIONAL BANK OF MALDEN,

Pays Interest of five per cent per annum on all deposits of one dollar and over. Extra Dividends every Three Years.

KEROSENE OIL STOVE.

Having made great improvements in our Kerosene Stove, we would respectfully call the attention of the public to its merits.

We have added to it this year a Cast Iron Galvanized Reservoir, and any one that is prejudiced to Tin, can have Iron. We also keep our Tin Stoves, which we consider just as good. It is warranted to Bake, Broil, Roast, and Cook equal to any Cook Stove in the Market, and is the cheapest and most compact Stove made.

SCHOOL OF MODERN LANGUAGES.

Professor SAINT ELME respectfully tenders his thanks to his friends for their very liberal patronage in the past. As in his previous courses, he will this year follow in teaching the French and German languages, the system of *Lambert Sauveur* and *Gottlieb Heness*. By this system, scholars are taught to converse in French and German without the use of grammar or dictionary. *Montaigne*, three centuries ago, demonstrated the value of this method; and now the Professors of Modern Languages at Harvard and Yale acknowledge its superiority to all others. Its peculiar excellence is well illustrated by the case of a class of children of from five to twelve years of age, whose proficiency in French, after a course of twenty-four lessons, surprised their parents and teachers.

Prof. J. M. SAINT ELME, 3 Ames St., Linden, Mass.

CANCER CURED!

DR. L. A. ABBOTT

HAS DISCOVERED

A PERFECT CURE FOR CANCER,

Without the use of the Knife and with little or No Pain.

I discovered this plan of treatment and perfected it myself, and have been extensively practicing it with the most unbounded success, as thousands of cases can testify. Numerous persons in all parts of the Union would long since have been dead had it not been for the great efficacy of my mode of treatment, are now living witnesses of the wonderful cures performed. My plan of treatment is perfectly simple when understood. A specific application is made which soon kills the Cancer, when it comes out, leaving a simple sore, which readily heals. Internal remedies are also given to purify the blood and free the system of all Cancer virus.

BARRETT'S

DYE HOUSE,

Barrett Street, Malden.

Office, 52 TEMPLE PLACE.

BOSTON.

This old establishment, of over Seventy Years standing, combining Conveniences and Improvements possessed by no other Dye House, and conducted by a **Practical Chemist,** stands unrivalled in this country for the beauty and excellence of color and finish given to Ladies' Dresses and other articles; and the public are assured that work will in future be done at as low prices (whatever others may fix upon), as at any other Dye House in New England.

Having made extensive arrangements at our Works for Naptha Cleansing, or Dry Cleaning as it is sometimes called, we are prepared to receive articles of all kinds, and to cleanse the same in the most perfect manner.

Among the many advantages of Naptha, or Dry Cleansing, may be mentioned the following:—

Complete removal of all grease, dirt, soil, etc., from any fabric whether of wool, silk, or cotton.

Entire freedom from shrinkage, which on wool goods is of the utmost importance.

It is particularly adapted to nice dresses, cloaks, etc., where only slightly soiled, and where it is desirable to avoid ripping, and the removal of trimming.

Properly applied it will destroy all insect life, as moths, their larvæ, etc.

It is fast superseding all old methods of cleaning furs, and the most delicate skins and furs are thoroughly cleaned from dirt, moths, grease, etc., without injury in the least.

It is also most thorough in cleansing clothing, bedding, etc., used in sick chambers, and all such is rendered perfectly clean and wholesome by this process; all clothing etc. from sick chambers being cleansed in a separate building, entirely removed from all other work.

We are prepared to receive and execute any and all orders left with us, and to guarantee perfect satisfaction.

Work Done as Quickly as at any other Establishment.

Rand's Hardwood Kindling for Coal,

SAWED AND SPLIT BY STEAM POWER AND KILN DRIED.

"Why *hard* wood in preference to pine?" Because prepared in our way (in pieces as large as a man's finger), *and thoroughly dry*, it will light about as quickly as pine, and has twice the substance and heating capacity; and as the difference in cost is but a trifle, the hard wood is much more economical.

"Why cut so small?" To adapt it to small stoves, and in order that it may all lie at the bottom of the coal. It is designed to be handled with a shovel, *to be thrown in promiscuously*, and then as the air and flame circulate all through it, the whole body of coal will be kindled quickly and all at once. Again, a less quantity will be required than if cut larger. It is *clean* and *sweet*, avoiding the *dust* and *smut* and *waste* of charcoal, and will kindle a hard coal fire quicker, while it is 20 per cent cheaper per bushel.

I have used the kindling prepared by Mr. F. Rand since last fall; and for dispatch in kindling coal, for economy, cleanliness and convenience, I have never used anything equal to it.

Medford, March 20, 1876. P. R. LITCHFIELD.
